

HEALTH CARE BROADLOOM IMPERVIOUS FOAM BACKING

OUTLET LIST
2025-02-28

PALETTE PRO

Palette Pro is a durable cut pile solution dyed nylon carpet rated Cfl-s1 according to the EU fire standard 13501-1 making it the safe choice in commercial settings such as healthcare and educational institutions. It is classified 33 – heavy commercial use.

Palette Pro includes our BI-OME anti-microbial yarn treatment, which kills the microorganisms when they get in contact with the fibers. The BI-OME treatment is non-leaching and does not diminish over time, even when exposed to heavy cleaning. It is available in our innovative impervious backing, which provides a line of defense against subfloor contamination and adding extra comfort, thermal insulation and sound absorption. The carpet can withstand extraordinary cleaning requirements, like e.g. the use of strong chemicals for removing stains or unpleasant odors, while maintaining its original appearance.
